

Walking Field Trip

On Thursday, October 13, we are going to go on a walking field trip to Fire District #1's Pine Hill Fire Station as part of our unit of study: Community Helpers. We will leave Pine Hill School, cross Vance Avenue and walk to the fire station where the fire fighters will give us a tour.

Please sign and return the attached field trip form and return it on Monday. I am hoping that some of you will be able to accompany us as chaperones. Unfortunately, district policy prohibits any non-students from being present. This means no children other than the kindergarten students may come on the trip. If you are able to come join us, please let me know as soon as possible.
