

Principal's Newsette

August 28, 2008

Welcome back to Pine Hill! We are looking forward to an exciting and energizing school year. We are pleased to welcome two teachers new to our staff: Mrs. Betsy Rains, who is teaching our 4/5 combination class; and Mrs. Shawna Roberts, who is teaching our 3/4 combination class. Both are veteran teachers with a dozen years collective experience; and we feel fortunate to have them on-board.

We'll kick off this year with our Back-to-School Night on Wednesday evening, September 10th. This event is designed for the adults in our students' lives to meet with our teachers, staff, and EXPLORE personnel. More information will be coming home soon, but please reserve that evening!

The Scholastic Book Fair will open that same evening (September 10th), so be sure to set aside some money to purchase books for home libraries!

We are currently printing our Pine Hill Handbook and will send it home to you as soon as it arrives. The handbook will be posted to our website so you can view it online.

And those of you with Internet access should check out our website. Our web master, Mr. Lentz, posts updated information on a regular basis. Look for newsletters, special events, reference materials, and slide presentations. I am sure you will enjoy exploring this valuable resource.

We encourage your active participation in your child's education and in our school events where and when you are able. Please remember to sign in at the office when you come on campus during the school day.

Once again, welcome back!
Pam Olson, Principal
