

Pine Hill Elementary Newsette

August 31, 2009

Welcome back to Pine Hill! We are looking forward to an exciting and energizing school year.

We must begin on a sad note: we return with heavy hearts at the passing of long-time teacher Vickie Aguero. Her unexpected death was a shock to us all.

In her place, our staff is pleased to welcome Mrs. Alisa Ross, who is teaching our 3/4 combination class. She is a veteran teacher with five years of classroom experience, and we feel fortunate to have her onboard.

We'll kick off this year with Back-to-School Night on Wednesday evening, September 9th. This event is designed for the adults in our students' lives to meet with our teachers, support staff, and EXPLORE personnel. More information will be coming home soon, but please reserve that evening!

Our library will host a Scholastic Book Fair that same evening (September 9th), so be sure to set aside some money to purchase books for home libraries!

We are currently printing our Pine Hill Handbook and will send it home to you as soon as it arrives. The handbook will be posted to our website (www.pinehillschool.org), so you can also view it online.

And those of you with internet access should check out our website. Our webmaster, Mr. Lentz, posts updated information on a regular basis. Look for newsletters, special events, reference materials, and PowerPoint/slide presentations. I am sure you will enjoy exploring this valuable resource.

We encourage your active participation in your child's education, and in our school events when and where you are able. Please remember to sign in at the office when you come on campus during the school day.

Once again, welcome back!

Pam Olson
